

River Thames application for registration of a launch 2008

Applications should be made by post at least **ten working days** in advance to allow for receipt of the registration and licence before use.

FIN/141B

Please read notes overleaf and then complete in **BLOCK LETTERS**.

1 Launch name

If the name chosen is not available are you willing for the launch to be registered with a number (II, III, IV ...) added to that name? Yes No

2 Registered owner Title Surname or organisation

Please read Data Protection on page 7

Forenames

Address

Postcode

Telephone: Day Mobile

Email

3 Dimensions Length ^{metres tenths} Beam ^{metres tenths} Chargeable area (In complete square metres)

4 Class Tick one box only; for class definitions see pages 5 and 6 N H P D C

5 Usual mooring If kept ashore or at home address enter 'as above'

6 Manufacturer or builder Approx year built

7 Propulsion (main engine) Inboard Outboard Number of engines used for propulsion Total propulsion power/capacity HP CC

8 Propellant (main engine) Petrol Diesel Gas Electricity Steam Other (specify)

9 Propellant (other engines) No other engines Auxiliary Generator Other (specify)

10 Appliances Please enter 'G' for gas, 'E' for electric, 'O' for other
None Fridge Water heater Other
Cooker Heater Central heater

11 Sanitary facilities Lavatory facilities None or Pump out lavatory Chemical lavatory Direct into river
Other facilities None or Sink Basin Shower Bath Other

12 Change of ownership

When applying to register a launch following a change of ownership please state:

Name of former owner/broker

Previous launch name (if changed)

13 Boat safety

I apply for a licence to navigate the named launch on the Thames (during the registration period stated) and I confirm that I have read the 'Boat Safety Scheme' booklet (available as described on page 3). I certify that it complies in every respect with the requirements set out in that booklet for either the Construction and Equipment Specification or (for launches first placed on the market since 16.6.96 only) the EC Recreational Craft Directive.

I undertake not to navigate the launch on the Thames unless these conditions are complied with.

I understand that the Environment Agency may require me to provide information confirming compliance with these conditions or require my launch to be inspected.

Please read the notes on page 3 before completion.

Statement

I certify that the above launch is/is not (please delete as appropriate) a privately owned outboard engined open launch as described on page 3.

If you have answered 'is not' please enclose a valid Boat Safety Certificate or Declaration of Conformity.

Enclosed

14 Payment

Please supply the certificate of registration and licence plate for which my payment is enclosed

Cheque

Cash or PO

Amount

No refunds are made in respect of non-use of a registered launch or in the event of change of ownership.

All powered pleasure boats – of whatever size or type of propulsion – are statutorily defined as 'launches' and must be both registered and licensed before use. A charge is made for registration and is payable for a launch used on the Thames at any time during the calendar year.

I undertake to pay any additional amount which may be due if the dimensions of the launch are found, upon official measurement, to exceed those shown above and/or if the launch is used for letting or plying for hire.

15 Signatures

Owner's signature

Date

Signed on behalf of the owner and in accordance with his/her specific authorisation to act as Agent for this purpose.

In case of a company, firm, partnership or organisation please state status or authority to sign.

Agent's full name
in block letters

Application and payment made payable to 'Environment Agency'
to be forwarded to PO Box 214, Reading, RG1 8HQ
Registration enquiries: 0118 953 5650

Explanatory notes

1 Launch name

There is a definite legal requirement that every launch shall bear the registered name (as it will appear on the 'Thames' registration certificate) on each side of the bow and on the stern in plain letters and figures in the following minimum sizes:

- 2" (5.1cm) for a launch not more than 20' (6.09m) long.
- 3" (7.6cm) for a launch between 20' (6.09m) and 30' (9.14m) long.
- 4" (10.2cm) for a launch between 30' (9.14m) and 50' (15.23m) long.
- 6" (15.2cm) for a launch exceeding 50' (15.23m).

The Environment Agency is forbidden to register two or more launches in the same name.

2 Registered owner

Only one person or organisation may be registered as the owner.

3 Dimensions

Please enter length and beam measurements in metres and tenths. 'Length' is overall hull length excluding moveable items such as rudder or outboard engine. 'Beam' is measured at the widest part of the hull. (Use tables on pages 4 and 5 to help calculate the chargeable area.)

5 Usual mooring

For a launch with both summer and winter berths, the location of the summer berth only should be entered.

6 Manufacturer or builder

Please enter make or model, if known.

7 Propulsion

Where the main engine(s) is of the inboard/outboard type, tick the 'inboard' box.

8/9 Propellant

Tick the appropriate box for the engine propellant, or specify another propellant in the 'other' box.

10 Appliances

Enter 'G' for gas, 'E' for electric, 'O' for other in all appropriate boxes.

11 Sanitary facilities

Launches fitted with a lavatory or sanitary holding tank capable of discharge to the river must have these appliances sealed to prevent discharge whilst the launch is on the Thames. Owners of launches fitted with such appliances are legally obliged to inform the lock-keeper at the lock nearest to the launch's point of entry to the river in order that arrangements for sealing can be made.

13 Boat safety

A valid boat safety certificate or declaration of conformity must (if not previously submitted) accompany this application form, except for privately owned outboard engined open launches (described below).

Issue of a licence may be refused or a current licence suspended if the launch is found at any time not to comply with the construction and equipment specification, available as described below.

Boat Safety Certificates will be valid for a maximum of four years from the date of issue but all launch owners are reminded that it is their responsibility to ensure that their launches comply with the safety standards at all time.

The specification referred to is contained in the Boat Safety Essential Guide. This guide and lists of authorised Boat Safety Scheme examiners are available from:

Boat Safety Scheme, Willow Grange, Church Road, Watford, Herts, WD17 4QA
01923 201278
www.boatsafetyscheme.com

Privately owned outboard engined open launches – definition

A Boat Safety Certificate is not required for the above mentioned type of launch provided it is not carrying or fitted with domestic cooking, heating, refrigerating or lighting appliances and provided it complies with the requirements of Parts 3, 4 and 5 of the Boat Safety Scheme, as appropriate. It is strongly recommended that fire extinguishers are also carried aboard.

A launch which has any form of enclosed accommodation or which is decked over the greater part of the hull is not regarded as an open launch for Boat Safety Scheme purposes.

Registration

All launches are registered for use on the Thames in accordance with the Thames Conservancy Acts and Orders 1932 to 1972.

'Full rate' registration charges apply to every launch (except certain visiting launches normally used on other waterways and launches registered on or after 1 September). Certificates expire on 31 December (except for visitors); there is no other 'pro-rata' rate for part of a calendar year.

'Late' registration launch certificate first valid on or after 1 September in any year is charged at one-half of the 'full rate': certificates expire on the 31 December following issue date. Please mark your application 'Late'. **Note:** Late registration is not available to visiting launches registered for any period prior to 1 September.

Visiting launches normally used on other waterways and entering upon the Thames from another waterway (including launches from the tideway) may be registered at less than the 'full-rate' charge (see short period registration form).

No separate lock tolls are charged on launches currently registered (except certain passenger launches). Richmond Lock is within the jurisdiction of the Port of London Authority.

How to calculate the charge for registering your launch

The charge is based on the length and beam of your launch in metres.

Follow the steps below to calculate your charge.

1 If metric dimensions of launch are unknown use conversion table (page 5). For example:

18ft 9	} equivalent →	5.5m 18ft 1
18ft 10		5.6m 18ft 5
18ft 11		5.7m 18ft 9
19ft 0		5.8m 19ft 1
		5.9m 19ft 5
		6.0m 19ft 9
		6.1m 20ft 1

2 Find the 'chargeable area' for your launch. The chargeable area is calculated by multiplying the length by the beam. For example: 5.7m x 2m = 11 square metres 'chargeable area'.

3 Find the amount payable for that chargeable area from the tables on pages 5 and 6. In the example below a launch of 11 square metres chargeable area (not let for hire) at 'full rate' expiring 31 December 2008, will cost **£154.77**.

			↓		
Charge for area (m)			10m	20m	30m
	0m	£	140.70	281.40	422.10
→	1m	70.35	154.77	295.47	436.17
	2m	70.35	168.84	309.54	450.24
	3m	70.35	182.91	323.61	464.31
	4m	70.35	196.98	337.68	478.38
	5m	70.35	211.05	351.75	492.45

Conversion table

1 inch = 2.54 centimetres, 1 foot = 0.3048 of a metre. For example:

1.0m	3ft 4	4.2m	13ft 10	7.4m	24ft 4	10.6m	34ft 10	13.8m	45ft 4	17.0m	55ft 10
1.1m	3ft 8	4.3m	14ft 2	7.5m	24ft 8	10.7m	35ft 2	13.9m	45ft 8	17.1m	56ft 2
1.2m	4ft 0	4.4m	14ft 6	7.6m	25ft 0	10.8m	35ft 6	14.0m	46ft 0	17.2m	56ft 6
1.3m	4ft 4	4.5m	14ft 10	7.7m	25ft 4	10.9m	35ft 10	14.1m	46ft 4	17.3m	56ft 10
1.4m	4ft 8	4.6m	15ft 2	7.8m	25ft 8	11.0m	36ft 2	14.2m	46ft 8	17.4m	57ft 2
1.5m	5ft 0	4.7m	15ft 6	7.9m	26ft 0	11.1m	36ft 6	14.3m	46ft 11	17.5m	57ft 5
1.6m	5ft 3	4.8m	15ft 9	8.0m	26ft 3	11.2m	36ft 9	14.4m	47ft 3	17.6m	57ft 9
1.7m	5ft 7	4.9m	16ft 1	8.1m	26ft 7	11.3m	37ft 1	14.5m	47ft 7	17.7m	58ft 1
1.8m	5ft 11	5.0m	16ft 5	8.2m	26ft 11	11.4m	37ft 5	14.6m	47ft 11	17.8m	58ft 5

Class P Hire

Launches issued with a current certificate by the Maritime and Coastguard Agency to carry passengers (not exceeding 199).

Class D Hire

Launches not fitted or furnished with cooking equipment and not decked-in over the greater part of the hull.

Class C

Launches not being Class H, P or D, which will at any time on the Thames during the validity of the registration be used for any voyage or excursion where the owner or user receives any form of payment from any person for, or in connection with that voyage or excursion, other than as a contribution to the direct expenses of operation the launch during that voyage or excursion.

Electrically propelled launches are charged with a 25% discount provided that the sole method of propulsion is an electric motor(s) powered by storage batteries carried on board and that no system of auxiliary power or propulsion, nor internal combustion outboard motor(s) nor charging engine(s) is carried.

The Thames – definition

“The Thames” has the meaning assigned to it by the Thames Conservancy Act 1932 (Section 4) as amended by the Thames Conservancy Act 1950 (Section 3). in effect it means so much of the Rivers Thames and Isis as is between the East side of Town Bridge at Cricklade, Wilts, and an imaginary straight line drawn across the River Thames approximately 242 metres downstream of Teddington Lock; and also so much of the River Kennet as is between the River Thames and an imaginary straight line drawn across the River Kennet 64 metres Eastward of the East side of the High Bridge at Reading, Berks.

Thames Conservancy Acts 1932–1972

The Thames Conservancy Acts provide that “Every person shall be entitled to inspect any register of pleasure boats on payment of the current fee for each inspection and every person shall be entitled to be furnished with an extract from any such register on payment of the current fee for each extract relating to any one boat”.

The Data Protection Act 1998

The Environment Agency is responsible for improvements in navigation and the licensing of vessels on waters for which we have responsibility. The information provided will be processed by us to deal with your application for craft registration. The information will be placed on the relevant public register(s). It will also be processed to monitor compliance with the licence/permit conditions and to process renewals.

We may also use and/or disclose it in connection with the following:

- offering/providing you with our literature/services relating to boat safety, navigation, environmental matters and promotional work
- consulting with the public, public bodies and other organisations (eg Health and Safety Executive, Local authorities, emergency services and DEFRA) on boat safety, navigation and environmental issues
- carrying out statistical analysis, research and development on related issues
- providing public register information to enquirers
- preventing breaches of environmental law
- assessing customer service satisfaction and improving our service.

We may pass it on to our agents/representatives to do these things on our behalf.
