

Provisional list of compliance schemes for WEEE

This is a provisional list of contacts we understand are planning to submit an application for approval to operate a producer compliance scheme for the Waste Electrical and Electronic Equipment Regulations, 2006.

This is not an exhaustive list and there may be other companies we are not aware of who may apply to operate a compliance scheme. Inclusion on this list is not a guarantee that the scheme will apply to operate a scheme, nor does it imply that any particular scheme will be approved.
